SUMMARY

Extremely motivated recent web developer graduate mastering Python, MEAN, and C#, specializing in Python and Back-End technologies with English as a second language and only coming to the states in April 2018. Ambitious, collaborative, analytical team player who enjoys solving problems and learning new skills. Resourceful and creative technical contributor with ability to ramp up quickly on new technologies.

DEVELOPMENT PROJECTS

Photo_fuser | Python

- Community driven web application where artists upload and share unique photos to a forum to discover, interact and share with other artists. Machine learning technology is applied to create enhancements and merge with famous artists work and style.
- **Technologies Used:** Python, Django, Web API, Javascript, JSON, HTML5, SASS, and CSS3.
- https://github.com/Kotoneryuuma/photo_fuser2

Haiku | MEAN

- Innovative and interactive web application where users can showcase their unique haiku (Japanese poems) to build community and receive feedback in this specialized artistic industry.
- **Technologies Used:** JavaScript, Angular, jQuery, Express.js, Node.js, Twitter Bootstrap, HTML5, and CSS3.
- <https://github.com/Kotoneryuuma/Haiku>

Unity Machine Learning | C#

- Actively learning C#, Unity, to develop the next best web application.
- **Technologies Used:** C#, JavaScript, Unity, HTML5, CSS3.

EDUCATION

Coding Dojo | Bellevue, WA | 2019

Web Development

- Spent over 1,000 hours of intensive study across three frameworks (Python stack, MEAN stack, and C#).
- Achieved highest rank of score by passing 3 qualifying exams within 4 hours each.

Nihon University | Japan, Tokyo | 2014-2019

Bachelor of Commerce, Accounting with emphasis in Tax

ADDITIONAL WORK EXPERIENCE

iThinkEvents | San Francisco, CA | 2018

Coordinated logistics, staged and organized business events for over 300+ attendees.

Kitami Tax Accountant office | Tokyo, Japan | 2018

Increased customer base by providing excellent accounting services.

Under Armor | Tokyo, Japan | 2017

Managed and supervised team members, provided customer services for 500+ people daily.

SKILLS

Languages

- Python
- Javascript
- C#

Databases

- MySQL
- MongoDB

Frameworks

- Django
- Flask
- Angular.js
- Express
- Node.js
- Entity

Front-End

- Javascript
- jQuery
- Ajax
- HTML5
- CSS3

Development Tools

- AWS
- VS Code
- Postman
- Github
- Git

General

- Project coordination
- Tax Accounting
- Sales
- Customer service
